

Lochinvar ARMOR® Wall Mount Water Heater Wins 2014 Top Products Award

1/27/2014

by Lochinvar Marketing Department

[Lochinvar's ARMOR® Wall Mount Water Heater](#) has been selected as a winner in Building Operating Management's 2014 Top Products Awards. The Top Products Awards recognize the most popular manufacturers and suppliers of the year, as determined by building and facility executives who voted in a national survey. The magazine's annual awards program included nearly 465 possible products that readers could choose from, and the ARMOR Wall Mount Water Heater was selected as a favorite.

Available with inputs of 125,000 Btu/hr and 199,999 Btu/hr, the ARMOR Wall Mount Water Heater offers up to 96 percent thermal efficiency with a 5:1 turndown and a compact, wall mounted design that fits the tightest installations. These new space-saving models are the latest addition to the ARMOR Commercial Water Heater family, which consists of floor mounted models that range from 150,000 Btu/hr to 800,000 Btu/hr and the ARMOR X2 with 1.0, 1.3 and 1.5 million Btu/hr inputs. The ARMOR line is known throughout the industry for its stainless steel heat exchanger technology with modulating/condensing combustion and superior energy efficiency. Information about the ARMOR Wall Mount Water Heater and other Top Products Award winners will be featured in the January 2014 issue of Building Operating Management.
